| E) | J) |

- 3) The Code has often been described (as on pg 36) as being an “eye for an eye...”, type justice. Judging by today’s standards would this be a good basis for a law code to be used in today’s world? Or would this be a terrible idea. Write a short opinion for both sides and explain your reasons. **Worth 2 pts**

PRO (for)	CON (against)

- 4) Cuneiform (pg 35) was the first designed writing system. If the king asked you to invent a number system what might it look like? Draw up your own unique number system ON THE BACK of this page based on the number “60” DO NOT use our own number system in any way, you must create your own. **Worth 2 pts4)**
